TERMINAL DISCLAIMER UNDER 37 C.F.R. §§ 1.321 and 3.73(b)

Pursuant to 37 C.F.R. § 1.321(b), Acambis Inc. and St. Louis University, the assignees of the entire right, title, and interest in the above-captioned application, seek to disclaim the terminal portion of the term of the patent to be granted on the application.

This terminal disclaimer is binding on the grantees and their successors or assigns.

Pursuant to 37 C.F.R. § 1.321(b)(1), this terminal disclaimer is signed by an attorney of record.

Pursuant to 37 C.F.R. § 1.321(b)(2), Acambis Inc. and St. Louis University hereby waive and disclaim the terminal portion of the term of the entire patent to be granted upon

the application subsequent to the expiration date of U.S. Patent No. 6,696,281. Acambis Inc. and St. Louis University do not disclaim any terminal part of any patent granted on the application prior to the expiration date of the full statutory term of U.S. Patent No. 6,696,281 in the event that it later: expires for failure to pay a maintenance fee, is held unenforceable, is found invalid, is statutorily disclaimed in whole or terminally disclaimed under 37 C.F.R. § 1.321, has all claims canceled by a reexamination certificate, or is otherwise terminated prior to expiration of its statutory term, except for the separation of legal title as stated above.

Pursuant to 37 C.F.R. § 1.321(b)(3) and § 3.73(b), the undersigned attorney/agent of record certifies that Acambis Inc. a corporation, and St. Louis University, a university, are the assignees of the entire right, title, and interest in the application by virtue of a chain of title from the inventors of the application to the current assignee as follows:

an assignment from inventors Thomas P. Monath and Farshad Guirakhoo to OraVax, Inc. recorded at the Patent and Trademark Office at Reel 9575, Frame 0216, on November 5, 1998, followed by a change of name from OraVax, Inc. to Acambis Inc. that was recorded at the Patent and Trademark Office at Reel 014504, Frame 0919, on September 17, 2003.

an assignment from inventor Thomas J. Chambers to St. Louis University recorded at the Patent and Trademark Office at Reel 010390, Frame 0367, on November 15, 1999; and

an assignment from inventor Juan Arroyo to Acambis Inc. recorded at the Patent and Trademark Office at Reel 014504, Frame 0946, on September 22, 2003

The undersigned attorney/agent of record has reviewed all of the documents in the chain of title of the application and to the best of the undersigned's knowledge and belief, title is in Acambis Inc. and St. Louis University.

Pursuant to 37 C.F.R. § 1.321(b)(4), enclosed is a check for \$65.00 for the fee set forth in 37 C.F.R. § 1.20(d).

Any patent granted on the application or any resulting patent subject to reexamination proceedings shall be enforceable only for and during such period that the patent is commonly owned with the application or patent that formed the basis for the rejection.

If there are any additional charges or any credits, please apply them to Deposit Account Number 03-2095.

Respectfully submitted,

Date: March 10, 2005
